## Operations Management Software

### BENEFITS

- Simplify access to vital information
- Automate complex rate schedules
- Manage critical deadlines
- Improve customer service

### MANAGE FREIGHT MOVEMENT WITH EASE AND EFFICIENCY

Your company's success depends upon effectively managing the movement of your freight and equipment. The user-friendly Windows<sup>®</sup> environment of TransCore's Keypoint Dispatch makes dispatch management fast and efficient. It's easy to learn and simple to use. From order entry to reports, Keypoint Dispatch can be configured to provide you with the tools you need to operate a more profitable transportation business.

### INCREDIBLY POWERFUL, AMAZINGLY ACCURATE

Keypoint Dispatch is surprisingly powerful with a wide variety of highly useful, simple-to-use functions. The straightforward order entry system allows you to enter customer orders and assign trucks, drivers, or carriers to the shipment at the touch of a button. Designed as an integral part of your transportation operations, Keypoint Dispatch offers features that will improve customer service and increase efficiency, organization, and productivity.

- **Order tracing** – Search your database for shipment status and details
- **Automatic scheduler** – Flag renewal dates for equipment maintenance, driver medicals, insurance, and more
- **Driver settlement** – Allows driver settlement based on a mileage, percentage, flat fee, or hourly rate
- **Automatic shipment rating** – Set up tariffs to rate shipments on origin, destination, mileage, weight, or skid rates
- **Invoicing** – Print clear, detailed, professional-looking invoices and statements
- **Reporting** – Generate over 45 reports including costs, carrier rates, and customers' on-time percentages, just to name a few
- **Automatic email notifications** – Sent to customers immediately upon pickup or delivery

### SIMPLE IMPLEMENTATION

Powerful as a stand-alone tool, Keypoint Dispatch also allows you to make the most of your existing systems. It provides a valuable time-saving feature for integration to several leading accounting systems including QuickBooks<sup>®</sup>. If you're using satellites to track your equipment locations, Keypoint Dispatch easily integrates with TransCore's own GlobalWave<sup>®</sup> satellite tracking and Linktrak<sup>™</sup> two-way in-cab messaging system for communication between driver and dispatch. For quick point-to-point mileage inquiries, Keypoint Dispatch easily integrates with both ProMiles<sup>™</sup> and PC Miler.

Companies of all sizes have selected Keypoint Dispatch to simplify their daily operations and eliminate unnecessary paperwork and manual functions. Available on a one-time purchase or subscription basis, Keypoint Dispatch will help you maximize efficiencies and manage your freight movement.
